

Invitation to the
CONTEMPORARY ART EXHIBITION
“Art Walkway – 6th Edition”
From September 12th to 26th, 2025

At Galleria Cael in Milan

Gallery of contemporary art

Via Carlo Tenca 11, 20124, Milano MI

Divulgarti Group in collaboration with Galleria Cael in the heart of Milan, in Via Carlo Tenca 11, presents the exhibition “Art Walkway – 6th Edition”.

From September 12th to 26th, 2025 an exhibition of contemporary art will see the presence of international artists through different artistic disciplines: from painting to sculpture, from photography to digital painting, from installation to performance.

The title of this exhibition can be intended not only as a showroom of artworks, where artists will propose their creations by using various techniques and personal themes, but we have also to take notice that a walkway could acquire the role of bridge, as a symbol of union, harmony and concord, or it could become a way the artist uses to evolve in a main character, showing their artistic abilities.

The Opening will be on Friday, September 12th, 2025, at 6 p.m.
